

## Adult Social Care Workforce Data Set requirements for the Workforce Development Fund 2019-20

Please note: The Adult Social Care (ASC) Workforce Data Set is currently known as the National Minimum Data Set for Social Care (NMDS-SC). This online data collection service is being updated and will be known as the ASC Workforce Data Set.

To make a claim from the Workforce Development Fund in 2019-20 you must complete or refresh your ASC Workforce Data Set account. All existing accounts must be updated on or after 1 April 2019.

An establishment's ASC Workforce Data Set account is expected to be an accurate reflection of its workforce. Large organisations may be subject to data quality checks and will be advised of any issues which will prevent claiming the fund.

This guidance doesn't apply to people who employ their own care and support staff (individual employers).

**ASC Workforce Data Set Workforce record** with the following fields completed:

Establishment type	Sector
Main and other services provided	
Service users for whom services are provided	
Service capacity and uptake level	Dependant on main/other services
Number of staff	Everyone who works for you including agency staff
Number of starters	In the past 12 months by job role
Number of leavers	In the past 12 months by job role
Number of vacancies	In the past 12 months by job role
Reason for leaving	
Destination after leaving	

**ASC Workforce Data Set Staff record** – There must be a worker record for all staff (with employment status and job role recorded). 90% of worker records should have the following information completed and updated:

Gender	The gender of your worker
Date of birth	The date of birth of your worker
Nationality	Select from a predefined list of nationalities

Main job role	The main job that your worker currently does, select from the list of job roles
Other job roles	If applicable
Start date	The date they started in their main job
Source of recruitment	For main job role only
Employment status	This is whether your workers are permanent, temporary etc.
Zero hours contract	Whether the worker is on a zero-hours contract
Contracted hours / usual hours worked	The hours that your worker is contracted to work/ if zero-hours contract the hours they normally work
Sickness	Sickness within the last 12 months
Pay	This can either be recorded as annual or hourly but must match the salary interval that you select
Care certificate	
Qualifications	Select whether worker holds a social care qualification and highest level also whether they hold a non-social care qualification and highest level
